## Leaf Manipulation Manual And Guide

Leaf Manipulation Made Easy. This is a beginner's guide to leaf manipulation. It is a compilation of many of the techniques that I have learned from the different workshops I have attended throughout the world as well as my studies in Sogetsu Ikebana for over 35 years. I love sharing and, even more, love learning. I hope this book will spark your creativity and entice you to experiment with various different types of leaves.

The term backpack leaf blower is a bit deceiving. While you still hold the blower in your hand, the motor sits in a shoulder harness and rides on your back. These tend to be more powerful than handheld leaf blowers and the harness makes them relatively comfortable to use. They're a good option if you're using the blower for a prolonged period.
