reasons to keep women out of leadership positions in combat are socially constructed, and not attributed to anything biological or psychological.

Women In Combat Essays: Examples, Topics, Titles, & Outlines

Essay: Women In Combat. The idea of women in combat is not unusual anymore. They should be able to hold combat positions because although physical strength matters, the military still needs the intelligence that women can bring. Also, banning women from the combat hurts their military careers. Although women account for only ten percent of the enlisted personnel they are still a major part in the armed forces.
